

JLG® Product Announcement

Australia & New Zealand

March 2024

NEW JLG® ES4046 Scissor Lift

Key Features

The new **JLG® ES4046** Electric Drive Scissor Lift is specifically designed to meet the demands of the worksite of today – **and the future.**

The **ES4046** electric scissor lift delivers indoor and outdoor capabilities to maximise your productivity. For outdoor use, the **ES4046** offers a 9 metre platform height and a 320 kg capacity, with the ability to take one occupant to height. When used indoors the **ES4046** has an 11 metre platform height and 320 kg capacity with the ability to take up to 3 workers to height – the highest occupancy of any model in our ES Series.

The **ES4046** is also the first JLG® ES Series Scissor Lift to use AC drive motors. These maintenance free, brushless motors help increase efficiency, reduce noise and allow these motors to draw less energy to deliver enhanced battery life.
