Introducing the new JLG TD Series Dumpers

Features & Specifications

COMPACT TRACKED DUMPERS FOR EARTHMOVING WORK

JLG® TD Series Dumpers are versatile and compact with load capacities up to 1040 kg. These Tracked Dumpers feature excellent gradeability for work on uneven, muddy, sandy and sloping ground where wheels cannot be used because they sink or lose grip.

Every JLG dumper has been designed, engineered and tested to deliver an uncompromising level of quality. These products provide the durability and versatility required for the most demanding of jobs.

Dumpers are suited to tackle a wide range of tasks. They are particularly suited to jobs such as:

- + Construction work
- + Renovations
- + Demolition
- + Landscaping
- + Tunnels / Narrow Spaces
- + Agriculture

The TD Series is currently available in 2 models:

- TD1500H with up to 460 kg capacity and a high-tip system.
- TD2500H with up to 1040 kg capacity with a self-loading shovel and high-tip system.
